INDEX RECORD REPORT FOR FRIDAY SERVICE INTERRUPTION

Further to identifying and rectifying the cause of the service interruption at market opening last Friday (22 January 2010), Hang Seng Indexes Company Limited ("Hang Seng Indexes") examined the index calculation records of the Hang Seng Family of Indexes for the period between 9:50:00 am and 10:32:45 am (when real-time index broadcasting resumed) on 22 January 2010. In this connection, Hang Seng Indexes today provided the data file at http://www.hsi.com.hk/HSI-Net/static/revamp/contents/en/news/indexChgNotice/20100125_datafile.xls which serves as a record for that period.

This index record report includes the following indexes:

1. The opening indexes, which are based on the pre-opening final Indicative Equilibrium Price obtained from Hong Kong Stock Exchange; and
2. The two sets of indexes disseminated at 10:15:00 am and 10:30:00 am, as calculated under Hang Seng Indexes' contingency mode.
